The meeting was called to order at 3:00 pm at the Legend Trail Cantina.

Open Member Forum: Concerns were expressed as to the way the Board was addressing the COVID 19 issue in connection with the League Members meeting together after golf or events. After discussing, the consensus of the Board was that another correspondence would be sent out to the Members of the League regarding the release from isolation and safety protocols from the Arizona Department of Health Services. The Board does not have the legal authority to force compliance by the Members; it is up to each individual member to choose to participate or not in gatherings, having this information given to them.

Captain's Report:

1. There were two matters brought up regarding possible new local rules for the League. The first, was regarding the numerous divots in the fairways. The Pro Shop adviser (Tony LeFevre), suggested that we play by the USGA rules and give no relief as it is difficult to maintain consistency as to when this relief would be given (old divots vs new). The second issue was hitting out of sand bunkers when a ball landed in a foot print that had not been raked. Tony advised the Board that allowing raking in the sand as a local rule could be adopted as a safety

issue (handling the rake) and the Board did vote to implement that as a new local rule. Therefore, if a ball lands in a FOOTPRINT, you may lift the ball, rake, and replace in the same spot without penalty. However, you may not clean the ball and you may use a towel to pick up the rake, if you choose.

Treasurer's Report:

1. League Budget is in line with where we currently are in the Season.
2. Club Championship budget: See above
3. Season Closing Event: As there was no Season Ender last year, the money that was spent and included in last years budget and new money

allocated for this year may amount to more than will be necessary. This will be addressed in the next Board Meeting.
